

VINCENT IN TALK BEFORE TEACHERS

President of University of Minnesota Gives Starting Address in Moline Saturday Night.

UNDER AUSPICES TWIN CITY CLUB

Noted Educator Advances New Ideas on the Theme, "The Mind of the Man," Before 300 People.

In one of the most interesting talks ever heard by the Twin-City Teachers' club, Dr. George E. Vincent, president of the University of Minnesota, spoke Saturday evening in the auditorium of the Moline high school, his subject being "The Mind of the Man." The talk was a practical discussion of "Crowd Psychology." Dr. Vincent has a rare gift of magnetism. About 300, most of whom were teachers from the 120 cities, were present.

In the opinion of the speaker we are now living in an age of physiology, getting many of our ideas from carmen in the front pages of newspapers and our humor from the funny section in the back pages. The people of today do not possess enough originality and become enthralled to the point of mania under influence of a crowd, citing the case of a man at a baseball game or at a political meeting.

"Individuality is the margin which distinguishes us from others," he said. Dr. Vincent stated that there were only two classes of people who could not be hypnotized, blacks and very small children.

INDIVIDUALITY IS PROGRESS.

"We need educational institutions which will teach men and women to think for themselves and create the courage of conviction. Individuality is the hope of progress and salvation that leads to salvation individually is a moment in our nation. In these days of gloom and disaster it is more than ever necessary that we have this. The crowd appeals to a moment in the individual and it is our duty to put individuality before society and those of service to our fellowmen, and generations unborn."

FROST OF GENESEO TWIRLS NO HIT GAME

The Rowman Independents, one of the finest amateur teams in the state, was let down without a hit by Frost, premier twirler for the Geneva White Sox yesterday afternoon, the box winning by a 4 to 2 score. The twirling of Warner, Johnson and Vandine was the feature of the game. This makes a third straight win for the White Sox. Next Sunday the Olympics of Moline will play Geneva.

The East Moline Cubs yesterday afternoon defeated the Waukesha baseball team by mounting four in the sixth, seventh and ninth innings, the final count being 17 to 2.

MOLINE'S ORIGINAL JITTER MAN FINED

G. W. Getzow, Moline's original jitter man and an official of the Tri-City Chippewas' union, was arrested yesterday by Monmouth City Negley on a charge of speeding. He was fined \$1.50 the morning by Magistrate Gussoff. Getzow entered a plea of not guilty and was represented by Attorney Charles Roberts. He explained that he wanted to catch up to another jitter driver as he had sometimes important to tell him. Unfortunately Officer Negley happened along at that time.

Getzow has the honor of operating the first jitney bus in Moline.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Most frame ailment which overworks the kidneys in their effort to filter it from the blood and then become set of paroxysm and agony. When your kidneys get sluggish and drag you more relieve them, like you relieve your bowels, removing all the body's unused waste, also you have backache, sick headache, sharp spells; your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often are sore, water soaks and you are obliged to sleep twice or three times during the night.

Take a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with salts, and has been used for generations to clean and neutralize salts in the urine as it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful after-meal lithia-water drink.

CAR RECOVERED IN ROCK ISLAND

One Passenger KILLED of 29. Some Fair Try to Rob House in Neighborhood.

After being frightened away from the home of Dr. A. D. Whitaker, 2809 Fifth avenue, Moline, by a vigilante watch dog, at 2 o'clock Sunday morning, two thugs proceeded only a short distance to the corner of Thirty-eighth street and Fifth avenue, where they held a jitney bus, owned and driven by Robert Kepple, 2704 1/2 Twelfth avenue, Moline. Kepple, thinking the men wanted a ride, stopped the jitney.

Injured, both men pulled revolvers, commanding the driver and John Treasdale, a passenger, to throw up their hands. Both complied and the highway men went through their pockets, taking \$6 from Kepple and \$10 from Treasdale. Still keeping the men covered, the thugs ordered them out of the Ford machine, and climbed in themselves. After firing one shot in the air they drove away toward Moline at a rapid rate. Kepple informed the police as soon as possible and authorities of the surrounding cities were notified of the holdup.

Yesterday morning at 6 o'clock, Officer Frankopner found the deserted car standing at the corner of Nineteenth street and Fifth avenue, Rock Island. Some part of the engine had been broken and the car had to be pulled to a garage, where it was turned over to the owner. The engine was still warm and it is thought that the pair made off the night, probably looking for another chance to continue their crimes. One of the thugs is described as wearing a brown suit and blue cap.

To Enter House.

Dr. Whitaker has an Airedale terrier, which he offered for sale, inserting an ad in one of the newspapers Saturday. The doctor and his wife were awakened at 2 o'clock in the morning by a companion in the kitchen of the home. On hurrying to the room the doctor saw two men hastily leaving the yard. They had tried to enter the kitchen by a side door and their efforts awakened the dog. The doctor does not care to sell the canine now.

MAN BEATEN UP AND LEFT ON PAVEMENT

Badly beaten up and left lying in a semi-conscious condition on the pavement, was the plight of Ed Larson, 24 Railroad avenue, Moline, who was found in the street near Thirtieth street and Third avenue, late Saturday night by a Moline policeman. He was arrested on a disorderly charge, but his case was dismissed this morning in police court. A witness testified that a man beat Larson. A warrant has been issued for his assailant. Larson's injuries were such as to require treatment by a physician.

An Impression of Gorky.

"Once when I was singing in Nijni Novgorod in the morning," said Chalapine, Russia's greatest singer, "I looked out and saw Gorky standing at a window in the same hotel, and gazing silently over the city. The sun was shining on the towers of the churches, over the silver river and turning the roofs red."

"You are up early," I said. "Yes."

"He spoke very softly and very sweetly, and for the moment, he seemed to me the most perfect human being in the world. Truly one of Russia's flowers of genius."—Craftman.

Boys broke into a New York church the other day and stole all the important component parts of a pipe organ. When caught they confessed selling the stuff to a junkman. "Movie money" was wanted.
